```java
public class GFG {

    public static void main(String[] args)
    {
        String str = "Geeks";

        StringBuffer sbr = new StringBuffer(str);
        System.out.println(sbr);

        StringBuilder sbl = new StringBuilder(str);

        sbl.append("ForGeeks");

        System.out.println(sbl);
    }
}
```
